

About OSCA

The Okanagan Similkameen Conservation Alliance (OSCA) is a charitable non-profit society, dedicated to conservation outreach in the South Okanagan and Similkameen. OSCA's mission is to conduct educational outreach initiatives promoting community environmental awareness and land management practices that benefit species and habitats at risk in this region.

In addition to the *Meadowlark Nature Festival*, OSCA operates multiple community outreach programs year round. When you choose to support this event you will also be helping with:

ECOSTUDIES Program - providing environmental education both in the classroom and outdoors.

Spotlight on Species Program - encouraging community awareness of local wildlife and the importance of protecting wildlife habitat.

ECOMANAGEMENT Program - working with industry and community groups to promote land use practices that benefit the environment.

Vaseux Lake Bird Observatory - monitoring bird migration through the Okanagan annually to help determine trends in bird populations across Canada.

OSCA Online www.osca.org - providing environmental tips, brochures and information on local wildlife and species at risk... *and that isn't all OSCA does!*

Get Involved

Become a part of the *Meadowlark Nature Festival* and help protect our beautiful, natural environment.

"There is a need for a new generation of partnership for nature conservation."

(World Ecotourism Summit, Quebec 2002)
